Dear Church, Pastoral Staff and Elders,

Simply an overdue expression to say, "Thank you" for the partnership in the ministries of **God with God Global**.

Your faithful monthly support is producing a great harvest in many parts of His church in China in a season when our brothers and sisters are experiencing increased persecution. But do not lose heart as our brothers and sisters are quick to acknowledge that this time of tribulation and persecution is having His way in their personal growth, as well as in the expansion of His Kingdom in China today. Such faith is humbling to watch but the testimony is riveting at the same time, because the gospel is being accelerated by the strength of His will.

So, thank you again for your partnership in His Kingdom work!

Alongside you and for the **GWGG** team,

ben and Jan
