Recording of the Copala Triqui New Testament Finished!

On May 5th Miguel and I completed the basic recording of the revision of the Copala Triqui **New Testament**, 60 years after Barbara Hollenbach (when still single) began learning Triqui in Copala and 35 years after the original **NT** was sent off to be printed. Starting in 2006, Miguel and I, with remote assistance from the Hollenbachs, did an initial revision and recording of 14 books of the NT and put them into use. In 2014 we began working little by little on an official revision of the full **NT**. Barbara continued to assist us remotely throughout the process.

Currently, by volume, the audio of only 50% of the **NT** is available to the Triqui people. So please pray us through the rest of the process so that later this year we can begin to make available the full text and audio of the revised **NT**.

Family Threatened for Distributing Triqui Bible Resources

We were notified that one of the most powerful leaders in the Triqui region in southern Mexico is aware that a particular Triqui man here in Baja California has been arranging for some American (me) to ship Triqui Scripture resources (e.g. microSD cards and personal audio players) to his village for distribution in the Triqui region, and though the leader will give them a pass this time for having distributed the recent box of resources, he threatened them that they should no longer receive such shipments. Such threats are not something to be taken lightly in that context, but it appears that the believers are not shaken by this.

Please pray for their safety and that the Gospel will continue to take root and flourish in the Triqui region, where resistance to the spread of the Gospel is common.
